

2020-21

**M.Tech – Computer Network Engineering**

**Courses related to Employability, Entrepreneurship and Skill Development**

| <b>Employability</b>  | <b>Entrepreneurship</b>          | <b>Skill Development</b>  |
|---|----------------------------------|---|
| Cyber Crime and Digital forensic (MCN2C01)                            | Engineering Management (MCN3C01) | Introduction to Machine Learning (Industry driven Elective) (MCN2I02) |
| Internship (MCN3C02)  | --                               | Seminar (MCN3C01)   |
| Project Phase-I MCN3C03   |                                  | Internship (MCN3C02)  |
| Project- Phase-2 MCN4C01  |                                  | Project Phase-I MCN3C03   |
| Big Data Analytics (MCN2E401)   |                                  | Project- Phase-2 MCN4C01  |
| Cloud Computing (MCN2C02)   |                                  |   |
| Introduction to Cyber Security(MCN3O01)                               |                                  |   |
| Introduction to Machine Learning (Industry driven Elective) (MCN2I02) |                                  | --  |
| Information Storage (MCN1E105)  |                                  |   |
| Artificial Intelligence (MCN1E204)                                    |                                  |   |
| Real Time Systems (MCN2E305)  |                                  |   |
