India Edu Program

Android Campus Fest

WHAT IS IT?

Android Campus Fest are Educator / Partner-led events on Modern Android Development hosted in universities independently or as tracks part of existing university campus fests.

Android Campus Fest can be organised in Online / Offline/ Hybrid modes featuring Googlers, Partners & Experts to create the discussion spaces for all things on Android in 2023.

WHY?

The purpose of Android Campus Fests is to create awareness on Modern Android Development (MAD) and also to showcase the top students Android apps built using MAD.
