

The banner features a top row of logos including the Ministry of Education, MoE's Innovation Cell, AICTE, and various partners like Hero, AWS, and H2S. The central text reads 'Smart India Hackathon 2023' in large blue letters. Below this, a purple-bordered box contains the event details: 'Software Edition & Hardware Edition', 'Software Edition 19th & 20th December 2023', and 'Hardware Edition 19th - 23rd December 2023'. A central graphic shows a lightbulb with a brain inside, symbolizing innovation. The bottom left features a yellow megaphone with 'GRAND FINALE' written on it and the hashtag '#SIH2023'. The bottom right includes the hashtag '#SmartIndiaHackathon' and the tagline 'World's Biggest Open Innovation Model'.

Welcome to the Grand Finale of Smart India Hackathon 2023 - Hardware Edition at The National Institute of Engineering! We are thrilled to be hosting this prestigious event from December 19 to December 23, 2023 where brilliant minds from across the nation will converge to showcase their innovation, creativity, and problem-solving skills in the realm of hardware.

Smart India Hackathon (SIH): Smart India Hackathon is an initiative by the Government of India to encourage and harness the creativity and technical acumen of young minds. SIH provides a platform for students to tackle real-world challenges faced by various industries and sectors through innovative solutions.

Hardware Edition: The Hardware Edition of SIH 2023 focuses on advancing technology in the field of hardware design and development. Participating teams have engaged in rigorous problem-solving, prototyping, and innovation to address industry-specific challenges. The problem statements are provided by the Ministry of Coal, Ministry of Defense and from the corporate Autodesk.

Stay tuned for updates, live streams, and highlights as we embark on this transformative experience together. Let's redefine the future of hardware technology at Smart India Hackathon 2023!
