### **Importance of B.E. Honours Degree Programme**

Today, we are in a competitive world focusing on creating next generation engineers with ability to solve all types of problems in real world. Globalization is creating collaborative opportunities and competitive pressures requiring broadly educated engineers and business professionals.

**The objectives of enrolling into Honours degree program are to:**

- Encourage advanced levels of study and multidisciplinary learning,
- Specialize in a focused area of their interest
- Learn new skills and methodologies pertaining to their area of interest
- Enable personal creativity
- Cultivate a sustaining interest in advanced education and research
- Enhance professional development
- Provide opportunities to gain recognition at the time of graduation for advanced, distinguished work as an undergraduate.

In order to encourage and groom engineering students during their engineering program to become self-motivated independent investigators, critical thinkers, problem solvers, good communicators, team players, effective managers, life-long learners, as well as economically, environmentally, and socially aware, AICTE has introduced a scheme wherein each student has to earn 18 or more additional credits through Massive Open Online Courses (MOOCs).

The Bachelor of Engineering degree with Honours earned with experiences, both inside and outside the classroom, will enhance, after graduation, all types of opportunities as professional engineers in the competitive world. The Graduates with Honours degree have access to higher-level positions and more advanced roles in chosen professionals.

The students satisfying the **ELIGIBILITY** conditions for B.E. Honours Degree Programme as mentioned in VTU Notification dated: 30.09.2024 have to register for the same only through online in VTU portal – <https://online.vtu.ac.in> by paying the prescribed fee on or before **30/10/2024**; **application received after the last date will not be accepted.**
